BESTE QUALITIES:

- General computer expertise
- Leadership instinct
- Confidence
- Perfectionism
- Patience
- Sociable

COMPUTER SCIENCE:

- Operating Systems:
Windows & Linux
- Programming Languages:
 - C#
 - XAML
 - Dart
 - Python
 - SQL
 - Java
 - HTML5
 - CSS (en CSSS)
 - JavaScript
 - TypeScript
 - PHP

OBJECTIVE

I am a developer with good communication -and leadership skills and a broad understanding of many programming languages.

I am currently studying to obtain a bachelor's degree in applied computer science and am hoping to land a job in front-end development in the future.

WORK EXPERIENCE

Leader

KSA HERENTALS, 2015 – present

For several years I have been a leader at my local scout KSA Herentals. The first 3 years with the scouts I worked as a collaborator and helped organise many events with the scouts. As of September 2018, I have been a permanent member of the leaders, and have got several other important functions within the scouts. This means that on every Saturday I organise activities along with my co-leaders, I am responsible for member lists, registrations, and the digital platform of our scouts. I am also partially responsible for finances and transactions. To end things off, we organise numerous events throughout the year to raise money for our scouts. I have learned a lot with KSA and had a lot of fun doing it over the years.

Student Developer

3-IT BVBA, 2019 - present

3-It is an IT company in Oevel (Belgium). They primarily focus on consultancy but since ~2019 they have also been focussing on an internal IT department. Since October 2019 I have been working at the internal IT department. My job is to create applications for web and mobile, for both internal and external clients. I work with several frameworks such as Angular, Flutter and .NET. By working here, I have already gained a lot of experience and learned a lot about programming.

EDUCATION

Secondary Education : Electricity – electronics

KOSH CAMPUS SCHEPPERSSTRAAT,
2011 – 2017

Professional Bachelor: Applied computer science

THOMAS MORE GEEL, 2017 – present

- Frameworks:
 - Angular
 - React

 - .NET
- CSS Frameworks:
 - Bootstrap
 - Materialize
- Electronics: Basic knowledge

DRIVERS LICENCE :

- Type B

LANGUAGES

Language	Verbal	Writing
Dutch	Native	Native
English	Excellent	Excellent
French	Basic knowledge	Basic knowledge
German	Notes	-

HOBBIES & INTERESTS

When I am not working or studying, I enjoy going cycling and swimming on a regular basis. I put a lot of time and effort into the scouts. I also enjoy learning more about computer science in my free time. My true passion is traveling though, and one of my biggest dreams it to travel the world and to go on an international internship.
